COS Highlights 2026

During the Committee of Supply Debate 2026, the following key announcements were delivered:

Enhancement of Support for AI Upskilling

- To help workers assess their AI readiness level and training needs, SkillsFuture Singapore (SSG) will develop a self-diagnostic AI readiness tool that can be accessed via the [MySkillsFuture \(MySF\) portal](#), by 2Q 2026.
- The self-diagnostic tool will allow users to gauge their AI readiness level and be directed to relevant course recommendations.
- SSG will also work with its industry partners to improve AI awareness and adoption of AI solutions and training among SMEs.

Expansion of SkillsFuture Level-Up Programme (SFLP) Course Catalogue

- To provide more options for mid-career Singaporean learners, the [SkillsFuture Level-Up Programme](#) course catalogue will be expanded to include around 200 Workforce Skills Qualification (WSQ) full qualification courses, from 4Q 2026.
- The courses cover a wide range of sectors such as Healthcare, Information and Communications, Engineering, Media and Early Childhood.

MySkillsFuture (MySF) Portal Enhancements

- SSG will launch a revamped MySF portal in 2Q 2026 to provide more customised user experience and

encourage industry-relevant upskilling.

- The new course search experience will include curated recommendations for in-demand skills areas, AI-powered chatbot for personalised guidance and occupation-based course exploration tools.
- Learners can also expect a more seamless course enrolment process using pre-filled Singpass information to enrol directly in courses via the MySF portal.

SkillsFuture Workforce Development Grant Enhancements

- The [SkillsFuture Workforce Development Grant \(Job Redesign+\)](#) encourages comprehensive workforce transformation. It offers enhanced support for job redesign through three key components: workforce consultancy, capability building initiatives and workforce tech solutions.

Enhancements to ITE's Work Study Diploma Employer Incentives

- The quantum of the incentive for ITE Work-Study Diploma employer partners will be increased from \$15,000 to \$20,000 per eligible trainee for new cohorts, from April 2026.
- The new \$20,000 incentive will be fully disbursed at several milestones throughout the course duration, simplifying the process.
